CRF1000L FOG LIGHT HARNESS

Fitting instructions

Please download the Honda lighting kit fitting instructions from the CRF1000L Fog light harness page on africatown.co.uk (<http://www.africatwin.co.uk/crf1000l/lights/driving-and-fog-lights/18-plug-and-play-led-fog-light-kit-honda-crf1000l-africa-twin.html>)

Follow the following parts of the instructions:

To remove the plastics  
7-10, 12-17

To fit the connections  
26-35, 71, 73, 75, 76, 79, 80,

route the 2 pin black plugs to connect to the lights down either side of the radiator behind the plastic grill

feed the wire from each light through the plastic grill and affix (cable tie) the LED ballast behind the grill

98

Mount the lights on your brackets or brackets optionally supplied with the lights

Then adjust the lights as per page 29
